

The 41th Summer Annual Conference of the Korean Vacuum Society

■ Aug.17(Wed.)–19(Fri.) 2011, EXCO, Daegu, Korea

■ Main Schedule

Aug.17 (Wed.) : Tutorial, Welcome reception

Aug.18 (Thu.) : Plenary lecture, Award lecture, International symposium,
Oral and Poster sessions, Equipment exhibition, Banquet

Aug.19 (Fri.) : International symposium, Oral and Poster sessions,
Equipment exhibition

■ Presenting KVS Divisions

Vacuum Technology

Surface and Interface Technology

Plasma and Display

Semiconductor and Thin Film

Nano Technology

Energy Technology

■ Plenary Lecture

The Materials Science of Chalcopyrite Materials for Solar Cell Applications

– Angus Rockett (University of Illinois, President of AVS)

■ International Symposium

Surface and Interface Technology : Controlled Surface Reactions

Nano Technology / Energy Technology : Solar Cells with Nanostructural Materials

■ Tutorial

Organic Thin Film Solar Cells

■ Special Symposium

Vacuum Technology : Developmental Trend of High Vacuum Pumps

■ Abstract Submission

June 1, 2011 – July 15, 2011 / On-line Submission

■ Early Registration

June 1, 2011 – July 22, 2011 / On-line Registration
